IMAGES

Go to Google Images using Safari or FireFox- Or any other website

Find a picture

CLICK on picture till you See Full Size Image - click on it to see larger picture

See full-size image. library.thinkquest.org/.../France%20flag.gif 574 x 419 - 4k Image may be scaled down and subject to copyright.

Hold down the CONTROL key and CLICK on the picture

For Desktop Computer or iLife 06-08: Select **Add image to iPhoto library** (If not there - follow laptop directions) - Add all your photos to iPhoto and then minimize Internet window.

For Laptop: Hold down Control key and click on **Save Image as** - Save it to the desktop – When you have all photos saved to the desktop, Open iPhoto and go to File, Import. Import the images from the Internet into iPhoto.

Go back to your Garageband file and click on the media browser button

Select the Photos tab at the top and then you will find the photos you added from the Google Images or from the Internet.

DRAG the pictures into the Podcast track in the order you want them to appear in the podcast.

MUSIC

Note: If iTunes asks you to dowload a newer version of iTunes click on No

Place CD into computer

ITunes should open – If not, click on iTunes Agree and go Next until iTunes is set up and the Done button

on done and iTunes will load. Click NO to any updates.

appe appe

appears – Click

The CD shows up on the left hand side of iTunes under Devices

All the songs are selected with a checkmark in iTunes

Hold the Apple key down and click on the first check mark in the list of songs $\sqrt{}$

All checkmarks will be removed.

Click only on the song you want and a checkmark will appear \sqrt{Also} click on the song so a blue bar across the song title –this means it is selected.

Go up to the Advanced menu and Convert the Selection to AAC
